Harry Wardman Alone Will Start New Buildings at Cost of \$105,000.

The Security Cement and Lime Company, which has an exhibit of its product at the Builders and Manufacturers' Exchange, recently ran a demonstration than through Southern Maryland to show the farmers the advantages of using hydrated lime on the soil. At each stor from filteen to seventy-due farmers gathered to the demonstration. In addition to a full line of Berkeley hydrated lime, the most prominent being one from the Ulatric government farm, of which William J. Fay is manager, whith consisted of alfaffs, clover, beans, aweet portates, white potatoes, peeled corr, and managelwizes is another was from the farm of P. Y. Waters, general manager of the Chempeaks Beach Railway, which computed a full line of everything grown on a farm.

Farmers in that section have awakened on the successity of the use of lines on heir land and the great benefit derived on heir land and the great benefit derived benefits, but the section have awakened on the successity of the sec of lines on heir land and the great benefit derived benefits, but the section have awakened on the successity of the sec of lines on heir land and the great benefit derived benefits, but the section have awakened on the successity of the sec of lines on heir land and the great benefit derived by the successity of the sec of lines on heir land and the great benefit derived by the successity of the sec of lines on heir land and the great benefit derived by the successity of the sec of lines on heir land and the great benefit derived by the successity of the sec of lines on heir land and the great benefit derived by the successity of the sec of lines on heir land and the great benefit derived by the successity of the sec of lines on heir land and the great benefit derived by the successity of the sec of lines on heir land and the great benefit derived by the section of lines of lines on heir land and the great benefit derived by the section of lines of li
